

Jonathan Andersson

Frontend developer • Eskilstuna, Sweden • +4673 464 02 29 • 2jonand@gmail.com • [Portfolio](#)

Frontend Developer specialising in React & WordPress. I build fast, accessible and responsive web apps and have shipped 10+ client sites. Seeking junior/mid frontend roles where I can grow in a collaborative team.

Skills

React • Node.js • MongoDB • Express • jQuery • Git • SQL • Sass/Scss • HTML • JavaScript • Figma

Experience

MAY 2024 — ON GOING

Freelancing web developer | Web agency since 04/2025 | React | WordPress

After graduating, I began freelancing as a web developer, handling the entire process independently — from the first client meeting to launching fully developed websites. This experience has given me a broad understanding of the profession and strengthened my ability to work independently and take ownership of projects. I've been doing this while running my own web agency.

NOV 2023 — MAY 2024

Frontend developer Intern | Digitalera AB | Eskilstuna, Sweden | WordPress | Php

For almost six months, I had the opportunity to broaden my skills as a web developer at the digital agency Digitalera AB in Eskilstuna, where I was entrusted with handling real client projects from start to finish.

Projects

New design and website | Hållbar fastighetsservice Syd AB | React | Figma | Git

Website: hallbarservice.se

Code: [Github](#)

Web app | Side project | BrickCanvas | React | Node.js | MongoDB | Git

Website: [BrickCanvas](#)

Education

OCT 2022 — JUN 2024

Higher Vocational Education Diploma | Frontend-developer | KYH Stockholm

Higher Vocational Education Diploma in Frontend Development (The program covered both frontend and backend development, and I feel confident working with both.)
